

Gulfshore Business Magazine, September Issue, Names Lesa Peterson a “40 Under Forty” Business Leader

Press Release: September 2007

Fort Myers, FL – September 2007 Gulfshore Business Magazine, September Issue, has named Lesa Peterson, from CHS Healthcare, as an honored “40 Under Forty” Business Leader. Gulfshore Business Magazine recognizes young executives who have distinguished themselves in the community and with their organizations. Lesa Peterson has been chosen as a young professional who stands out as a Gulfshore leader in business and community service.

A record number of nominations this year prove that Southwest Florida has a wealth of talented young leaders. Still, 40 of those nominated stood out, like Lesa Peterson, as a business leader. Gulfshore Magazine agreed by naming her a distinguished young executive in our SWFL business community.

When congratulated about her selection, Lesa said, “It’s an honor just to be nominated let alone to be selected for this kind of community recognition.” Lesa’s work with the Ronald McDonald Care Mobile, a CHS Healthcare Program, and other partnerships and programs for the organization has placed her in a position to be honored this year.

Gulfshore Business Magazine is a leading business information source for Southwest Florida. The publication provides the business community with coverage of the region’s top business issues and business leaders, like Lesa. Each year, the magazine asks the public to nominate their choice for 40-under-Forty. This year Lesa Peterson was nominated to be recognized
